Thinking Right

The Massachusetts Senatorial Special election is over; Scott Brown won so convincingly not even Acorn and the Democrat connivers could dispute it, saving the nation from another Minnesota Massacre by finding ballots dated sixty days ago and in the trunks of rusted cars in the local junk yards. As has been said by others, American voters have spoken with a voice louder and more convincingly than the Concord muskets. Just as the Founding Fathers said "NO" to England's colonial oppression, today's patriots have said: No to an all inclusive health care government takeover, no to bureaucratic involvement in an individual's medical matters, no to rationed care to the elderly, no to a nanny state, no to exponentially increasing debt, no to creeping socialism, no to 'progressive thinking, no to a Democrat Party takeover of government, insuring their majority for at least 30 years, no to the vote buying and deal making that would put a private citizen in prison for fraud, no to politicians treating citizens like serfs, no to takeover of industry and finally No to Barack Obama, no to Nancy Pelosi and Harry Reid, it's time to terminate their congressional offices this fall.

America has said Yes to smaller government, a recognition of

The Florida Family Policy Council (FFPC) is a state based pro-life, pro-family, pro-marriage educational advocacy group. We

are associated with Dr. James Dobson and Focus on the Family. Incorporated in 2002, and launched in the fall of 2004, the Florida Family Policy Council seeks to educate and inform Florida citizens about public policy issues in our state that would impact

the family, sanctity of life, approval of this week's Court Decision to restore a measure of free speech, a recognition of the existence of the Bill of Rights, and a return to fighting those that would destroy the United States instead of politicians looking under the piles of papers on their desks to find a scapegoat, too politically correct to mention the word Terrorist or to profile the people-group that is responsible for 95% of the world's terrorist attacks.

Our Congress needs to be retooled, repopulated and returned to the Constitutional constraints of the original intent. No more 40 and 50 year Senators and Representatives, everyone term-limited if not by legislation by a determined populace that refuses to be bought with earmarks. Our Senate thinks they are a sleek, flashy, hi-powered sports car when they are at best, a rusty, boxy, dirty Edsel. Our Executive branch is all promise with no production, all spending on failures, all show and no stability. If one of the two parties cannot transform themselves into a group that will give us a sane, fiscally responsible, freedom protecting, Constitution honoring legislature, then we need a new one. The progressive, liberal, leftist, socialist gang has got to go! Every one of our elected Representatives must listen to his constituents, not "Do as I think best," acting as we voters insist or we'll term-limit the part of his body that sits so comfortably in the swivel chair.

They serve at our pleasure and WE WILL NOT BE BOUGHT OFF!

Upcoming Events

Christian Coalition of Pinellas County wants to keep voters fully up to date on the positions, views and promises of candidates for office. With this goal in mind, on **February 6, 2010 @ 10:00 a.m.** Marco Rubio will be our guest speaker. Our special location for this event will be at Northside Christian School.

7772 62nd Ave. N. St. Petersburg, Fl. Highly

regarded for his principled, energetic and idea-driven leadership, Marco Rubio is a candidate for U.S. Senate in 2010.

From 2000-2008, Rubio served in the Florida House of Representatives. During this period, he served as Majority Whip, Majority Leader and Speaker of the House, effectively promoting an agenda of lower taxes, better schools, a leaner and more efficient government and free market empowerment. Rubio also helped spearhead Florida's congressional and legislative redistricting effort. He chaired the House Select Committee on Property Rights, which crafted national model legislation to protect private property rights following the U.S. Supreme Court's *Kelo v. City of New London* decision that opened the door for eminent domain abuse.

On **March 6th**, Leslie Waters will be our special speaker. **LESLIE WATERS** is an experienced State Legislative Leader, Experienced Local Government Official, Experienced State and Federal Lobbyist,

marriage, children and families. Our mission is to Strengthen Florida's Families through public policy education, issue research and grassroots advocacy.

Experienced Government Relations Manager for Allstate Insurance Company, Experienced Small Business Owner, Experience Campaigner, Experienced Campaign Coach, Experienced Political Grassroots Motivational Speaker and Facilitator. She brings energy and enthusiasm not often seen when dealing with the political process. Her "view from the inside out" her "first hand" and "up-front" knowledge of all sides of the political process, and her knowledge of local, state and national issues impacting the bottom-line of business and industry is invaluable. You won't want to miss this meeting. Be sure to bring a friend.

Faithful....

It is so easy to talk about faithfulness when everything in your life is going smooth. At those times we think back fondly on the days of uncertainty and remind each other that "God is certainly faithful." As the trials pass and we settle into the mundane we tend to forget that faithfulness is a two way street. I looked up "**faithful**" in the Webster online dictionary. There were several definitions, but what caught my attention was the definition that Webster labeled "**Obsolete**". It was the term "**full of faith**". The common and accepted definitions today are good; steadfast, true to the facts, given with strong adherence, but whatever happened to 'full of faith'? Faith; a (1): belief and trust in and loyalty to God (2): belief in the traditional doctrines of a religion b (1): firm belief in something for which there is no proof. Is this the faith that has become obsolete?

So much is happening in our lives today. Many of us are facing struggles we haven't faced in a long time, or maybe never. I propose we bring back the obsolete "**full of faith**". A belief and a trust in God that is unshakable. One that will strengthen those around us. One that is a two-way street with God, where He can call us faithful and not just one demanding his faithfulness to deliver us out of the trials.

Psalm 101:6

My eyes will be on the faithful in the land, that they may dwell with me; those whose walk is blameless will minister to me. Imagine that, we the faithful (full of faith), ministering to the Lord.

Let's give it a try!
